

## Veterinary Surgeon - Job description

### About Animal Aid Unlimited

The mission of Animal Aid Unlimited is to rescue and treat the un-owned street animals of India who have become ill or injured, and through their rescue inspire a community to protect and defend the lives of all animals.

We operate one of India's most active rescue services, responding to more than 50-80 calls on our helpline every day and involving thousands of Udaipur residents in the process of rescuing street animals every year.

### Job description

The veterinary surgeon performs spay/neuter, amputations, eye enucleations, tumour removal, wound repairs and other surgeries and works in a team with Animal Aid's medical staff to ensure that the animals always receive the best treatment possible adhering to the organisation's protocols. Training will be provided.

### Overview of duties

- Performs spay and neuter (approx. 5-10 per day), amputations and other surgeries on daily basis
- Monitors patients' post-operative recovery, tracking infection rates and any other complications
- Ensures Animal Aid's protocols are followed and the utmost care is given to each and every patient

### Requirements

- Fluency (both oral and written) in Hindi and good English
- Minimum 3 years commitment
- Understanding and sharing Animal Aid's mission and vision
- Willing to be trained as per Animal Aid's protocols and standards
